

2016 Joint Comprehensive Plan Update

The Town of Manchester, along with the Villages of Shortsville, Clifton Springs, Manchester, and the Hamlet of Port Gibson, are coming together to work on a joint endeavor to update all Comprehensive Plans into one Joint Comprehensive Plan.

This Joint Comprehensive Plan update will ensure future decision-making guidelines for an investment within our communities. The updated plan will provide a framework to guide these future investment opportunities by conveying an overall community vision for the Town, Villages and Hamlet, as well as a means to achieve that vision.

To follow this project and to hear of future community forums to attend in the process, visit www.facebook.com/manchesterandvillages2016plan
