More and more dog owners are cleaning up after their pets. We thank you that you are responsive to our village code. There are still some who are unaware that it is unlawful for any owner of or any person harboring any dog in the Village of Manchester to permit or allow such dog to commit a nuisance (dog excrement) upon the premises of a person (including village owned property, i.e. Parks). Thank you to those that do pick up after your dog, and for those that don't, **Pick up after your dog. Fines can be up to \$250.**

FROM THE CODE ENFORCEMENT OFFICER

Many summer projects may require a building permit. Please contact me to see if a permit is necessary before you begin. This includes swimming pools two feet high and over, hot tubs, decks, sheds, fences, and roofs (just to name a few). All of which are regulated by building codes.

Property maintenance has been an issue this summer. Mowing regularly is necessary to avoid a violation. This includes your lawn in the space between the sidewalk and the road. That space does not belong to the village, it is only an easement if there is a need to work in that area and the maintenance is required by the property owner.

Call Steve DeHond, Code Enforcement Officer, at 289-3010, Ext 107 with any questions.

The **Shortsville-Manchester Community Garden** is located on Water Street in the Village of Shortsville for anyone in our communities that would like to participate in working and learning about gardening, whether experienced or not, and for any age. It has vegetables, herbs, and flowers. The garden is planted by volunteers and a harvest sharing will be in the fall. If interested in helping out, contact either Sharon Trimm 289-9330 or Deborah Frederick 289-8700.
